			Sabre Fit Grade 9-12
SISAC Basketball Boys	SISAC Basketball Girls	SISAC Basketball Boys	SISAC Basketball Girls

### MUSICAL (TUESDAYS) G7-12

*“To enter a theatre for a performance is to be inducted into a magical space, to be ushered into the sacred arena of the imagination.” - Simon Callow*

Are you a student who loves performing? Do you want to be more of a risk taker? The musical is a great opportunity for you to work with other students across the senior school and express yourself physically and vocally. This year the musical will have both vocal and non-vocal roles, so you don't need to be a singer to join. The musical is a commitment, please be mindful that rehearsals are once a week and additional days will be added closer to dress rehearsals and the big show. This year the script will be an adaptation of Charlie and Chocolate Factory. Open a Wonka Bar, take a trip down the chocolate river, and get ready to perform next to some Oompa Loompas in the musical!

**INTERNATIONAL SCHOOL ROBOTICS MENTORING PROGRAM**  
**(TUESDAYS)**  
**G7-12**

We are proud to offer this unique opportunity to work with another school in our community. We will continue with our robotics team that will be mentored by the Senior team members at SAS. They will have build competitions, start projects from scratch and have fun while learning. The session will take place at SAS between 4-5pm on Tuesdays. We will transport our team dismissing at 3pm and when the session is finished the options transport will be local or Gubei. Any skill level is welcome!

**MOSAICS & ARTS**  
**(THURSDAYS)**  
**G7-10**

We are going to make Mosaics projects and have fun! The Garden is a fantastic place where you can express your creativity. We want to bring ideas of decorations to our school garden. Beautiful colours and pattern for stepping stones, pots and tiles with china tiles, glass tiles, pebbles, shells and more. Make a mosaic and they will amaze you.

**CISSA FLOOR HOCKEY**  
**(THURSDAYS)**  
**G7-8**

*Boys and Girls Floor Hockey*

We are very excited about our upcoming CISSA floor hockey season; floor hockey is a very popular sport here at SSIS-SH so please sign-up before it is too full! For our Senior teams this year we will have a shorter season with 4 training sessions leading up to 2 weeks of games before the Cross River Event on January 19th. Training days will be on Thursdays with games taking place on Thursday January 10th and Thursday January 17th.

Please remind your child to bring PE clothes suitable for both playing inside and outside. If you have any questions or concerns, please contact Ms. Ho

**FUN WITH CARDS**  
**(FRIDAYS)**  
**G7-12**

Objective: To learn some constructive card tricks and apply math to understand its outcomes.

Approach:

- 1) To show and learn card tricks either live or via videos.
- 2) Learn the tricks and be familiarize with the steps.
- 3) Explore the math behind the tricks
- 4) To have the students to introduce and teach each other tricks.
- 5) To video themselves performing the tricks and we can use this during class lessons.

**INTERNATIONAL MATH COMPETITION TRAINING**  
**(FRIDAYS)**  
**G9-10**

Primarily, this ASP program is for those students who intend to compete in the Highfour International Mathematics Competitions and University of Waterloo Mathematics competitions. Students who want to be exposed to challenging Math problems and to enhance their Math problem-solving skills, without competing, are also welcome.

**SABRE FIT**  
**(FRIDAYS)**  
**G9-12**

Sabre fit is for students interested in improving any aspect of their fitness. This would be great for people in the off-season preparing for a team sport at any given level or any individual aiming to improve any form of fitness. There are no prior requirements to the program and it is open to individuals of all skill levels. We will also instruct students on safety precautions in our new state-of-the-art facilities. Come join the workout!
